

FestBuddy Beer Festival App

Download the FREE from the Google Play Store or on iTunes. Search for beer barons world of beer Festival.

App Instructions

Basics

- The table that a brewery is located at is indicated on the right-hand side by a number. Single numbers = general pavilion, 500 = VIB, 600 = Mead and Cider, 700 = homebrew patio, and 800 = Up-and-Coming Breweries.
- There are also some special tags that you should be aware of
 - VIB may be listed along with the brewery but will be in the VIP area not at the brewery's main table.
 - Cask (real ale) beers will be located at the brewery's table.
 - VIB Lottery beers are indicated by circle with an "L".
- See what the brewery is offering by selecting it from the list.
- Get more information on a specific beer (Mead or ciders too) by selecting it from the brewery's list.
- Find out where the brewery is located by tapping the icon in the top right that looks like a Google map location.
- Share beers or breweries with the share icon next to the location icon at the top right.
- Add a beer to your "to do" list by selecting the check box next to the name of the beer.
- Search for specific vendor with the magnifying glass search icon.
- See a map of the Festival by clicking the map icon from the home page top.

More advanced

Filtering Beers

You can filter the beers displayed to only show

- Those you have rated
- To -do list
- Special Tap Times
- Cask (Real Ale)
- Style
- Region
- ABV

How To Filter

Go to the beer tab, select the funnel shaped icon, and enable filters, then select what ever categories you like. Thats all that will be displayed until you go to a different tab.

Filtering may not be available on the iPhone version but you can search by VIB, Cask, style, and country.
