In sincere honesty you can tell them This year I got a Big Buck'Nikki, our rescue dog, had a rough life before we met him, yet learned to trust us, even patiently posing with fake antlers while we shot the perfect pose (with our camera!). Certainly you too can sacrifice - have a Big Buck Brown when you're supposed to be hunting in the cold, harsh woods. You'll honor his memory by saving a deer. If you need more incentive, it's brewed with maple syrup so you can consider it breakfast.

The small and historical All Saints Brewery is located in Stamford, Lincolnshire - a region famous for excellent fruit. The Samuel Smith's Organic Fruit Beers are brewed and fermented there, then transferred to Samuel Smith's Brewery, in Tadcaster, for conditioning, aging, and packaging. The complex multiple yeast strains used to ferment these beers lead to a beautiful marriage with pure, rich Certified Organic fruit. Tasting notes: Strawberries offer a soft and subtle flavour, making the character of this fruit beer extremely sophisticated and refined. The smooth malt and aromatic strawberry flavours merge together in an elegant fashion, with the fresh flavours of ripe strawberries shining through.

Squeeze & Thank You

Style American Pale Ale

Our 2nd side trail of the year is another exploration into the innovative East Coast style of Juicy'hop-forward beers. The goal of this style is to produce a beer that accentuates and magnifies all the best flavors of tropical/citrusy hop varieties while virtually eliminating the bitterness common of American IPAs and mimicking the appearance and creamy texture of a thick glass of orange juice. (Yes, it should be hazy. Very hazy. This is a byproduct of the process rather and a goal in and of itself.) The alcohol is restrained compared to many other examples of this style, placing Squeeze and Thank You into the excessively drinkable category of Juicy Pale Ale. This beer is at its best the day that it leaves the brewery.
